We are very pleased to introduce ourselves as one of the leading manufacturers of (i) Sheet metal components and fabricated parts (ii) Gaskets, washers and shims. Established in 1989 with total focus on 100% Quality and 'JIT' supply backed with the most competitive prices are the hallmark of our products, which stood in good stead for us to become one of the most trusted vendors for the OEMs and Tier 1 Suppliers.

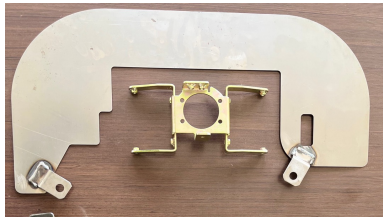

Ours is an ISO-9001 certified company. A well - organized infrastructure is our main strength, where we have all the necessary advanced machineries backed up with highly skilled and qualified personnel. Thus we can undertake the development of any new items of our subject in least possible time. Our Production Line is fully equipped and can ensure smooth compliance of our customers' schedule and even their emergency requirements.

Having ensured the availability of all the vital raw materials and a well planned production schedule, we are very much in a position to meet the customers' requirements in the shortest possible time, in other words, just as per the requirements and according to their ultimate satisfaction.

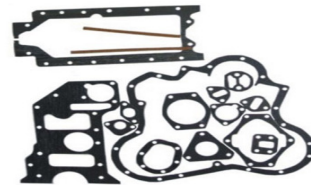

Our Engineering, Production and Quality Assurance departments coordinate to guarantee and maintain the highest quality levels in all business respects. Our quality assurance department marks our singular focus on quality and precision. It features all basic and advanced equipment to ensure that each part that leaves our production lines adheres to the exact specifications. With the latest equipment, methodologies and a skilled team we have been able to meet present requirement of the industry.

Products

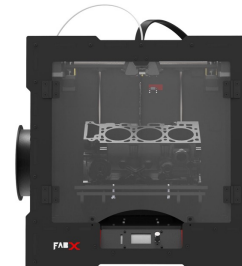

Sheet Metal Components

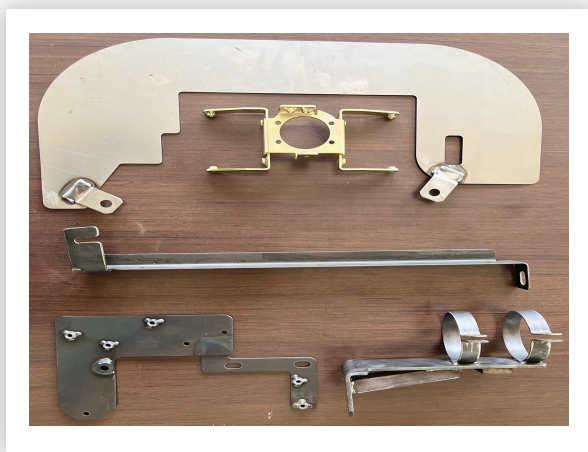

Gaskets, Washers and Shims

Prototyping Services

Sheet Metal Components

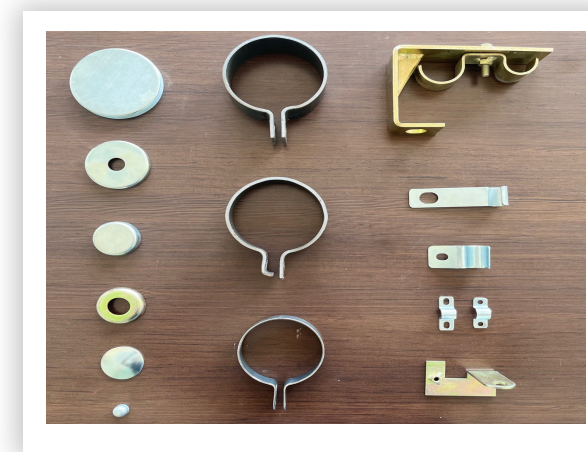

Application

- Engine, Transmission, Exhaust brackets, levers etc.
- Hydraulic lift parts
- 3 Point Linkage parts
- Pipe Clamps

Facilities:

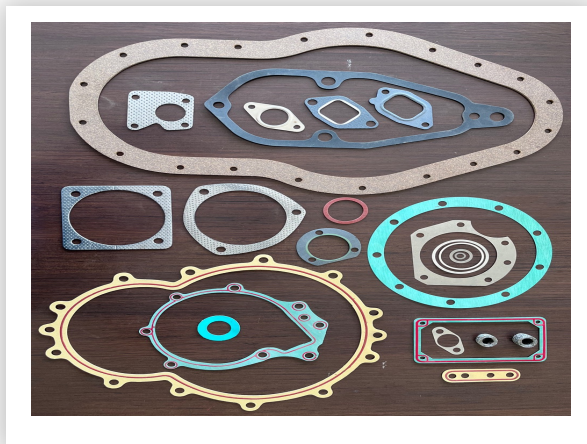

- Power Press upto 300 Tons
- Materials: HRC/CRC/SS
- Spot/Projection Welding
- Mig Welding Station

QA:

- ISO Certified
- Fully equipped and calibrated instruments

Gaskets, Washers and Shims

Application

- Engine
- Transmission/Gearbox
- Exhaust
- Rotavator

Material

- Non Asbestos Jointing
- Cellulose Fiber, Paper
- Rubberized Cork
- Cemjo / D'cemjo
- Metal: SS 301, SS304, Copper, Aluminium

Washer and Shims

- Material: CRC, MS, Copper, Stainless Steel and Al
- Ready stock availability from 0.1mm

Customers

Tractors/Rotavator OEMs/Tier 1

- ACE
- Escorts
- ITL
- Mahindra
- Indo Farm
- Mita India
- Uniparts

Others

- Daimler India
Commercial Vehicle
- SKH
- Magneti Marelli
- Tenneco
- Indian Railways
- Munjal Auto
